kWh, last 12 months · Akırkı 12 ay · За 12 месяцев (3)

4

Reading on	Previous	Code	Reading on	Present	Code	5 kWh	6 som / kWh	Amount, som
21.09.2026	18,406	A	22.10.2026	18,652	A	246	0.32	78.72

Codes: A actual reading by the inspector · E estimated (average of the previous year) · C reported by the consumer

7 Balance at the start of the period (owed + / in credit −)	65.28
Payment received 18.10.2026, Talasbank, branch No. 3 (thank you)	−65.28
8 Penalty for late payment (0.1% a day after the 25th)	0.00
Charged for October 2026	78.72

9 **AMOUNT DUE · TÖLÖÖGÖ · К ОПЛАТЕ**

78.72 som

pay by 25 November 2026

10 Heating season from 15 October. Electric heaters are billed at the same tariff; an oil radiator of 2 kW used 6 hours a day adds about 115 som a month. Interference with a meter or seal: line 1-55 (Network Losses Programme). Pay at Talasbank, at Irad Pochtasy counters, at our cash desks or at pay.e-irad.org. Keep the receipt until the next bill.

✂ cut here and hand to the cashier · kesip kassirge beriñiz · отрезать и отдать кассиру

SPECIMEN

1 **Personal account number.** Quote it when you pay, call or look up the bill on e-Irad (e-irad.org, Citizens › Electricity bill).

2 **Who bills you.** Talas Electric Networks owns the network; since 2026 metering and billing in Talas are operated by Kervan Elektrik under a management contract with Iradenergo. Your account, tariff and rights are unchanged.

3 **Your last 12 months,** so you can compare. Winter months are higher in flats heated with electricity.

4 **Meter readings.** The inspector reads the meter once a month. If the inspector is not admitted for three months running, the bill is estimated (code E) from your average of the previous year.

5 **Consumption:** the present reading minus the previous one, in kilowatt-hours.

6 **Tariff:** 0.32 som per kWh for households, sales tax included (tariff schedule from 1 January 2025, on e-irad.org).

7 **Balance and payments.** A payment appears on the next bill. If it does not, bring the receipt to our customer service hall.

8 **Penalty:** 0.1% of the unpaid amount for each day of delay after the 25th. Debts of more than two months' bills lead to a written warning and disconnection ten days later.

9 **Amount due** and the date to pay by: the 25th of the month after the month of consumption.

10 **Notices** from the network: maintenance, heating season, changes of tariff.

11 **Counterfoil.** Cut it off and hand it to the cashier with the payment; the cashier stamps your half.

Customer service hall: Talas Electric Networks, Tokmok Street 12, Talas, Monday to Friday 8:00–17:00, Saturday 9:00–13:00. Information line 1-55. Nurzhan Electric Networks and Irad Electric Networks issue bills of the same layout.
